ACHIEVEMENTS & EXTRA-CURRICULARS

- Intern @ infosys Springboard 6.0 and Participated in Smart India Hackathon (SIH) 2023, 2024 and 2025 contributing to innovative, team-based problem solving and real-time project development.
- Competed in the NASA Space Apps Challenge 2024, working on technology solutions addressing real-world space and environmental challenges.
- Took part in MSME Idea Hackathon 4.0 and 5.0 hackathons, strengthening rapid prototyping and collaborative development skills.
- Completed a OCI & AI certification from Oracle, building a strong foundation in data analysis and machine learning concepts and community member in codesapiens, chennai react, Namma flutter.
- Certified in the AI domain through Google Gen AI Academy, with exposure to Generative AI tools and applications and been Google Gemini Student Ambassador @ AMCET.
- Recently learning application development through Codesapiens, focusing on practical implementation and real world project building and a Farm2Cart app for farmers .
- Attended 5+ workshops on Entrepreneurship, gaining insights into startup ecosystems, innovation strategy, and business fundamentals.
- Participated in 2 technical symposiums, engaging in knowledge sharing and industry oriented discussions.
- Actively strengthening Data Structures & Algorithms (DSA) and problem solving
